MassDOT Advisory: Dedham Street in Canton

Overnight, off-peak lane closure on Dedham Street throughout next week

Occurring nightly from 8 p.m., through 5 a.m.

CANTON – The Massachusetts Department of Transportation has announced that throughout next week, there will be an off-peak, overnight lane closure on Dedham Street in Canton in the area between the bridge over the MBTA/Amtrak rail line and 770 Dedham Street.

This lane closure will be implemented nightly from 8 p.m., through 5 a.m., beginning on Sunday, August 13, and ending on the morning of Saturday, August 19. The normal traffic configuration of one lane of travel in each direction will be in place during the daytime hours.

This temporary, short-term traffic impact will allow crews and contractors to safely and effectively conduct construction operations. An alternating, single-lane of travel will be in place for both the east and westbound directions during this time, and law enforcement details will be in place to guide drivers.

Drivers are encouraged to make informed decisions before heading out onto the roadways. Those traveling through the area should expect delays, reduce speed, and use caution. The schedule for this work is weather dependent and subject to change without notice.

For more information on traffic conditions travelers are also encouraged to:

- Dial 511 and select a route to hear real-time conditions.
- Visit www.mass511.com, a website which provides real-time traffic and incident advisory information, and allows users to subscribe to text and email alerts for traffic conditions.
- Follow MassDOT on Twitter @MassDOT to receive regular updates on road and traffic conditions
- Download MassDOT's GoTime mobile app and view real-time traffic conditions before setting out on the road.
