NOTES:

1. All utility service permits require the signature from a Town of Canton Licensed Utility Contractor.
2. All checks shall be made payable to **TOWN OF CANTON**.
3. A plot plan or sketch of location with intended work must accompany the application.
4. Any planned digging will require the notification of the Water and Sewer Divisions for mark out.
5. All work on Town Property will require a Street Excavation Permit from the DPW/Engineering Office.
6. All trenches require a Trench Permit which may be obtained at the DPW/Engineering Office.
7. All second meters for existing residences may be obtained from the Water & Sewer Billing Office.
