November 6, 2014

Mr. Victor Delvecchio, Chairman
Canton Board of Selectmen
801 Washington Street
Canton, MA 02021

**RE: Former Plymouth Rubber Company Property
Revere & Neponset Street**

Dear Mr. Delvecchio:

As you are aware, The Canton Board of Selectmen acted to call a Special Town Meeting in January, 2015 for warrant articles addressing the prospective redevelopment of the referenced property.

The Selectmen's actions were undertaken at the request of Canton Holdings, LLC ("Holdings"), owner of the former Plymouth Rubber Company based on a schedule and plan of development generated by Holdings.

Last evening the Canton Planning Board held an informational hearing for its members and the public to view and comment on the proposed redevelopment plan.

Based in part on some of the comments and recommendations made by the Planning Board members and general public, we believe additional time to fully address those observations is prudent and appropriate.

The purpose of this letter is to request that the Special Town Meeting be canceled as it pertains to the Holdings' warrant articles relating to Plymouth Rubber.

We apologize for any inconvenience these actions may cause you and your Board. We look forward to proceeding with the warrant articles at the May annual town meeting after a thorough vetting of the redevelopment plan in the upcoming months.

Sincerely,

A handwritten signature in black ink, appearing to read "Bernard N. Plante".
